

BIG SANDY NEWS.

HOLDS FIRST PRIZE OF KENTUCKY PRESS ASSOCIATION AS BEST EIGHT-PAGE WEEKLY IN KENTUCKY

Aut inveniam viam, aut faciam.

LOUISA, LAWRENCE COUNTY, KENTUCKY, AUGUST 25, 1915.

-DON'T Shiver with Cold
Scott's Emulsion
will warm your body by enriching your blood.
Famous for forty years.

M. F. CONLEY, Publisher.

THE CHEMICAL PLANT SHIPPING ITS PRODUCT

TORCHLIGHT ENTERPRISE AT LAST SUCCEEDS IN PRODUCING THE GOODS.

After many discouraging experiences the Louisa Chemical company, at Tenth light, this county, has succeeded in producing the product which was the object of the enterprise. After the failure of the first chemist employed the company secured the services of a noted chemist, Dr. Withrow, of the Ohio State University, who has successfully established the process and adapted the large plant at Torchlight to the manufacture of chlorate of sodium.

The first shipment was made recently and a large amount will go forward very soon. Operation at full capacity is hoped for in the near future.

The gentlemen behind this enterprise certainly deserve success. They have made enormous sacrifices to establish this business. Now that they seem to have passed the crisis we all have strong hopes of a large measure of success for them.

C. C. & O. RESUMES THROUGH SERVICE.

Announcement is made by K. L. Hamilton, Jr., commercial agent of the Carolina, Clinchfield & Ohio railway, which line has suspended through operations since July 17, due to disastrous North Carolina floods, will resume through service to all points heretofore handled on its former schedule, effective August 22. Regardless of the well known heavy construction of the Clinchfield, the flood was of such an extremely severe character that even this construction, frequently likened to the "back of Gibraltar," could not withstand the great pressure.

The railroad will inaugurate a new and improved passenger train service between Johnson City, Tenn., and Spartanburg, S. C. Train No. 1 leaves Johnson City at 5:40 a. m., and arrives at Spartanburg at 11:45 a. m. Train No. 2 leaves Spartanburg at 5:00 p. m. and arrives at Johnson City at 11:15 p. m.

FALL FROM TRAIN MAY MEAN DEATH FOR YOUTH.

Winchester, Ky., Aug. 21.—Hopkins Culbertson, 20 years old, of Hazel Green, Wolfe-co., was probably fatally injured when he fell from the rear of an excursion train on route to this city from Natural Bridge. His skull was crushed and he suffered internal injuries. The young man had been on a visit home and was returning to Youngstown, O., where he has been employed several months. He was brought to the Henry Infirmary here.

BREATHITT COUNTY GUNMEN UNDER ARREST IN DETROIT.

Frankfort, Ky., Aug. 21.—Grover C. Fugate and John Bell Nease, wanted in Breathitt-co. on a charge of killing Green Noble on June 4, while he was assisting an officer in arresting disturbers at a religious meeting, are under arrest in Detroit and a reputation was issued. There is a reward of \$500 out for Fugate.

CATLETTSBURG MAN SECURES VERDICT.

A few months ago C. C. Magan's automobile was struck by a R. & O. train on a public crossing near Huntington and was completely demolished. He brought suit against the company for damages and on trial in the case the Wayne County Circuit Court awarded him a verdict for \$1100.

MRS. McDYER ENTERTAINS.

Complimenting her attractive visitor, Miss Ruth Burke, of Pikeville, Mrs. Wm. McDyer entertained several young people on last Saturday evening at the home of her parents, Mr. and Mrs. J. C. Adams, on Lady Washington-st. Music and dancing were the chief diversions and punch and sandwiches were enjoyed.

Mrs. McDyer on this occasion maintained her reputation as a gracious hostess.

CRUSHED IN MINE.

Ironton, Aug. 23.—Two young men who were seriously crushed in a mine accident, at or near Warfield, Ky., arrived here last night on an N. & W. train and were taken to a hospital for treatment. One of them was so badly crushed that he was unable to give his name before he was administered the anesthetic, but the other victim was Charles Webb, who was suffering from a broken arm and broken ankle and had bruises about the body.

HUNTINGTON MAN A WINNER.

For the second consecutive time Oscar Ryan, widow decorator and card writer for the Anderson-Newcomb Co., has won the first prize for window decorating and cardwriting from the National Convention of Window Decorators and Card-Writers.

Mr. Ryan has just returned from Chicago, where he attended the convention and displayed the work which won him such notable recognition.

Mr. Ryan is a well known young Huntington man, his acquaintance being especially wide because of the fact that he was reared and educated in this city.—Huntington Advertiser.

REV. WILKINSON RESIGNS LOUISVILLE PASTORATE.

Two Presbyterian ministers, the Rev. Dr. Thomas N. Wilkinson, pastor of the Union church, and the Rev. Dr. J. T. Schieffelin, pastor of the Covenant church, announced their resignations from the pulpits Sunday morning. Neither has received a call to another church or made public his plans for the future.

Dr. Wilkinson announced his resignation to a congregational meeting over which the Rev. Dr. Aquilla Webb, pastor of the Warren Memorial Presbyterian church, presided as moderator. It was his desire that the resignation take effect immediately, but on account of the impossibility of an early meeting of the presbytery, which has jurisdiction in such matters, it was not known last night how much longer he will serve the church as pastor.

No reason for his action was assigned by Dr. Wilkinson. "I leave with a pleasant feeling," was the only statement he would make last night.

Dr. Wilkinson has been pastor of the Union Presbyterian church for approximately three years. It is his first Presbyterian pastorate. He was formerly a Methodist, and came to Louisville from Springfield, Ky., where he held his last Methodist charge. He is a brother of the Rev. Dr. Richard Wilkinson, former pastor of the Fourth-av. Methodist church, who was transferred to Virginia and later resigned from the Methodist church to join the Episcopal ministry. He was formerly pastor of the South Methodist church at Prestonsburg, and married Mrs. Nell Davidson May of that place.

N. AND W. INCREASE ELECTRICAL MILEAGE.

Announcement was made of a proposed extension of the Norfolk & Western electric operations from Vivian, W. Va., westward ten miles, and from Welch up the Fork branch for five miles. These fifteen additional miles of electric operation if installed as proposed, will make the total length of the electric mileage 42 miles.

The Norfolk & Western has found the use of electric motive power between Bluefield and Vivian, W. Va., efficient and dependable. Twenty-eight miles in length, this section is one of heavy grades, and in it is an important tunnel through which schedule time must always be maintained exactly. At the same time, it is required that the maximum of efficiency be continued. So effective and reliable is the electric motive power, that tremendous coal trains are allowed to enter the tunnel only a few minutes ahead of expresses and there is always ample assurance that there will be no blockade.

It is predicted unofficially that other extensions in the electric operations will soon be made.

COLORED BOY KILLED IN PIKE COUNTY.

McVeigh, Ky., was the scene of a fatal shooting affray early Sunday morning when Greedy White shot and instantly killed Clarence Davis, a colored lad aged 17 years. White had been delegated by a constable to arrest Bill Davis the father of the boy, and had struck him a blow over the head when the boy interfered. White pulling his gun and shooting him twice, once thru the stomach and the other shot lodging just below the heart.

THE WINCHESTER OPENING.

It has been definitely decided that Vice President Thos. R. Marshall and Congressman Thos. F. Heflin of Alabama, will be the principal speakers at the Winchester Opening of the Democratic Campaign on September 3th. It is also probable that Hon. Scott Ferris of Oklahoma will address the crowd that is expected from all parts of the state. All are orators of the renown and will interest, educate and electrify. The people of Winchester and Clark county are working day and night to make the opening the greatest in the history of the state and they are of the character that know no such word as fail. With the flow of oratory the feast of barbecued meats, burgoo and other eatables, all who attend are insured that they will feel that it is good to be there. Everybody is invited and expected.

AN AMBITIOUS RIVER TRIP.

Mr. A. Scott Bullitt, of Louisville, County Attorney of Jefferson-co., was in Louisa this week. He left Louisville in a motor boat, intending to go as far as possible up the Big Sandy river. The boat broke down at Cincinnati. Not to be outdone Mr. Bullitt shipped a canoe by express to Louisa and from here he expects to make the return trip by water. He was accompanied by his friend, Mr. Thos. Grimes.

ASPHALT PLANT BURNS.

Lexington, Ky., Aug. 22.—The asphalt mixing plant of the Carey-Reed company was destroyed by fire Monday afternoon with an estimated loss of \$1,000. Three minutes after a valve broke in a drum fireman's face the whole building was a mass of flames. It will take a week at least to get the plant in operation again, according to George R. Carey, of the company. There is no insurance.

KENTUCKIAN SLAIN.

Owingsville, Ky., Aug. 21.—William Rungles was killed while Harold Pennington and Miss Sallie Ramsey, all of this city were fatally injured when an automobile in which they were riding went over the side of a bridge near here today. Three other people who were riding in the machine, were injured and were removed to a hospital in Lexington, Ky.

LAWRENCE COUNTY FAIR ASSOCIATION

CLUB FORMED TO INCREASE THE IMPROVED STOCK OF THE COUNTY.

The Lawrence County Fair Association was called to order Monday, August 21, by President Jim Woods. Mr. Collins, who has in charge the demonstration work of Eastern Kentucky, made a very interesting and scholarly talk on the value of pure-bred stock to Lawrence county farmers. Mr. Collins gave in detail how the county fairs of other counties had aided in distributing pure-blood through their counties.

A company of ten was formed with capital stock of \$1500.00. The purpose of this company is to purchase ten pure-bred bulls and also to decide how these bulls are to be distributed over the county. The company consists of Jim H. Woods, president, Dr. L. J. Hays, treasurer, J. H. Northup, Jake Workman, J. P. McClure, John Gartin, John H. Elzer, Noah Wells, The First National Bank of Louisa and The Louisa National Bank.

The committee on buying the fair grounds reported that they had received only one proposition and that they would like to have many more. Col. Northup offers 25 acres of land at \$100 per acre. If this land is bought he will build one-half of the bridge across Lack creek to the fair grounds. He says, that provided a stock company is formed with capital stock of \$5000.00 to buy property and put up necessary buildings for holding the fair, he would take \$2500.00 of the stock. If the company can sell only \$1500.00 of stock that he would take 1-19 or \$500.00 of this stock. The company would select the site of the fair grounds. This committee will consider other propositions, so have them ready by Saturday, Aug. 26th.

Every farmer of Lawrence-co. should be at the meeting of the Fair Association Saturday, Aug. 26, at 2 p. m. at the court house.

Z. T. McCLURE, Secy.

JEFF NEWBERRY ON IMPORTANT COMMITTEE.

Jeff Newberry, the prominent and popular wholesale shoe man of Huntington, is the West Virginia member of the notification committee to break the news to President Wilson that he has been renominated by the Democrats. The notification meeting will be held on Sept. 2nd, at Long Branch, N. J. Mr. Newberry was elected to a place on this committee at the St. Louis convention.

ALLIGATOR KILLED NEAR SHELBY.

Pikeville, Ky., Aug. 23.—Richard Ratliff, a farmer living near Shelby, today exhibited a forty foot alligator which he killed under a bridge near his home. How the alligator got into the neighborhood is a mystery.

The above item is going the rounds. It sounds like a fish story; in fact, it is a whale of a story.

A TACKY PARTY.

The Junior Epworth League of the M. E. Church, South, was delightfully entertained on last Friday evening at the home of Miss Elizabeth Yates on Main-st. A tacky party had been announced and the guests arrived early, dressed very appropriately. The lawn was illuminated by Japanese lanterns, which added to the attractiveness of the place.

Some time ago the league was divided into companies and Miss Elizabeth Yates and Mr. Jack Crutcher were chosen as captains, and the side securing the most new members was to be entertained at the end of the year by the others.

The honor of being hostess to the winners fell to Miss Yates, who, with her company, proved equal to the occasion as entertainers.

It was found that Mrs. L. E. McEl-downey and Mr. Jack Crutcher had used the "best taste" in selecting their costumes and to them the prizes were awarded.

Both captains very justly feel proud of their members as they have done splendid work this year and they in turn appreciate their good leaders.

All who attended, and they were many, pronounce the affair a very enjoyable one.

JAMES WILLIAMS OPERATED ON.

In the hope of restoring use of his legs to James Williams, of Portsmouth, physicians Saturday performed an exceedingly delicate operation of Mr. Williams' spine. The physicians believe that if the pressure against his spine can be slowly relieved, Mr. Williams will gradually regain use of his legs. He was recently badly hurt in an automobile accident near Sciotoville, in which one man lost his life.

DIAMONDS STOLEN.

Woman Relieved of Money and Jewels on Huntington and Ashland Trolley Car.

Mrs. Samuel A. Waas, of Ashland, Ky., was robbed of money and a diamond brooch on a Huntington and Ashland street car, according to a report to the police. The thief, believed to have been a negro woman, also took Mrs. Waas' glasses. Her total loss was \$100. Detectives are investigating the case.

AN UNUSUAL PARTY HONORING ASHLAND FIANCEES.

Miss Madge Forney is entertaining this afternoon, about thirty-five of her young friends, in a most unusual manner. It will be recalled that Miss Madge Forney is to be an early fall bride, and she is on this occasion giving a linen shower honoring Miss Marion Woods, who is to be married in the near future to Mr. Harry Artz, of Augusta, Illinois, and also for Miss Helen Brady, an attractive young girl of Erie, Pa., who is here the guest of Mrs. W. O. Eaton. The Forney home is lavishly decorated in plants and blooming flowers, the color scheme being in pink and white. Miss Woods received numerous beautiful gifts, all her young friends remembering her with a token of love, in the way of linen for the table, and sheets, and pillow cases, all embroidered with her initials in the corner or in the center. A surprise was sprung when the dainty refreshments were served the favors were little flower baskets filled with bonbons, and on opening the lid of the basket, a card was revealed containing the name of Miss Frances Friel, and Mr. Paul Chandler. The announcing of this engagement was somewhat a surprise, and the unique way it was done was pleasing. It was regretted that Miss Friel was not present, as she is in the East at the home of her fiancé, Mr. Paul Chandler, where she was called by Mr. Chandler's illness. It was an unusual party, being given by a fall bride honoring two fall brides, as well as a guest of her cousin. The entire afternoon was most delightful as well as unusual, and the guests all had a splendid time.—Ashland Independent.

EYE SPECIALISTS ON TOUR OF APPALACHIAN MOUNTAINS.

Lexington, Ky., Aug. 22.—Dr. Herbert Harlan, of Baltimore, Md., widely known eye specialist, and Dr. John McMullen, surgeon in charge of the United States Public Health Service campaign for the eradication of trachoma in the Appalachian Mountains, left here last evening on a tour of the mountains and will hold free clinics at Hindman, Jackson and London, Ky., and at other points in the district. After these clinics Dr. McMullen will go to Pikeville, where he proposes to establish another trachoma hospital.

DISHMAN WINNER IN THE ELEVENTH.

Frankfort, Ky., Aug. 15.—S. B. Dishman won the Democratic congressional nomination in the Eleventh district over J. M. Clay by a majority of 121. Out of the 1,541 Democratic votes cast in the twelve counties, Dishman received 836 and Clay 705.

Mr. Clay formerly lived at Louisa. He has nothing to regret in losing the Democratic nomination in the ferocious 11th district.

CRITICALLY ILL WITH RARE TROUBLE.

Joe Lang, of Ashland, aged twenty years, son of Jacob Lang, is critically ill with purple hemorrhagic, a very rare disease, and his death is expected at any time. The blood oozes from his skin and he is bleeding into the bowels and the kidneys. Recoveries from the disease, the cause of which is not known, are very few.

NOISY AUTOMOBILES.

There are a few fellows here, and only a few, we are glad to say, who seem to take special delight in making all the noise possible with automobiles when driving on the streets of Louisa. Apparently, they want to attract attention. It is a genuine nuisance, as no conversation can be made intelligible near them. In the business places everybody must cease conversation until the nuisance gets by. In churches and other public congregations the disturbance is serious and most annoying. On the 4th of July this nuisance was especially trying. In all cities and nearly all towns ordinances have been enacted against this abuse and this should be done in Louisa. We notice where a fine of five dollars and costs was inflicted upon a man in Ashland Tuesday for this offense.

GARDNER'S OPPONENT.

Judge D. W. Gardner, of Salyersville, Democratic candidate for Circuit Judge in the new Thirty-sixth district, is to have opposition in the person of County Attorney Walter F. Prather, of Macfaddin-co., who will be nominated at a Republican convention called at West Liberty for September 4. Monroe Nickell, first named by the Republicans, withdrew.

INFANTILE PARALYSIS.

Richmond, Ky., Aug. 22.—Mrs. George Gentry, 40 years old, died to-night of infantile paralysis. One other case of the disease was reported in town today.

ASSESSOR GIVES BOND.

Wort Kitchen has filed bond for Assessor of Lawrence-co., with Jas. H. Woods, E. E. Shannon and W. M. Wright as bondsmen. It will be remembered that Mr. Kitchen and his Republican opponent tied in the race for this office and agreed to divide the work and the proceeds. They did this for two years, but an arrangement has been made recently by which Mr. Kitchen takes the entire office.

ELLIOTT'S FINE RECORD.

Little Elliott county bears the distinction among dixie counties examined of being the only one in which the State Inspector and Examiner could not find a cent due and unpaid the State by county officers.

SAMPSON WINS JUDGSHIP NOMINATION

KIRK TO CONTEST ACTIONS OF KENTUCKY ELECTION COMMISSION.

Frankfort, Ky., August 19.—The State Election Commission to-day issued the certificate for the Republican nomination for Judge in the Seventh Appellate District to Circuit Judge Flem D. Sampson, of Barbourville, who received 865 votes more than former Circuit Judge A. J. Kirk, of Paintsville.

Judge E. C. O'Rear, who represented Judge Kirk before the commission, notified the commission that Judge Kirk will contest. Kirk claims Judge Sampson did not file his campaign expense account as a candidate with either Secretary of State Lewis or with R. W. Keenon, Chairman of the commission 15 days before the primary, as required under the corrupt practices act.

The Sampson-Kirk Race.

The Kentucky political column in the Cincinnati Enquirer says: On the face of the returns Judge Flem D. Sampson, of Barbourville, has the Republican nomination for Judge of the Court of Appeals from the Seventh Appellate District by 850 votes more than were cast for Judge Andrew Jackson Kirk, of Paintsville, who was the Republican nominee defeated in 1912 by Judge Charles C. Turner, of Mt. Sterling, and Democrats all over the state are pleased, though they are by no means certain that the race in November will be between Judge Sampson and Judge James M. Robertson, of Pikeville, the Democratic nominee.

They are fearful that the Court of Appeals may, if a contest is raised by Judge Kirk, decide that Sampson was ineligible because he failed to have a statement of his expenses in the office of the Secretary of State as required by the new corrupt practices law. 15 days before the primary election. He got his statement there a day late, though he mailed it on the fifteenth day. Judge Kirk, it will be remembered, went to the expense of a special train from Ashland to Frankfort in order to get his statement in the hands of Secretary Lewis at the Capitol before midnight of the last day and he was successful by less than half an hour.

The charges that were brought against him in the impeachment proceedings two years ago and against his Lieutenant, County Judge J. E. Williams, last winter, have caused the big boys to regard the Barbourville jurist as better qualified for a seat elsewhere than on the Court of Appeals bench. Another thing that goes against the grain of the old guard Republicans is that Sampson is one of Caleb Powers' intimates and henchmen. They are fearful that if Hughes should be elected Powers, who had much to do with preparing the delegation from Kentucky to the Chicago convention, may want to run for Governor in 1919.

LOUISA PUBLIC SCHOOL WILL OPEN MONDAY.

The Louisa Public School will open August 25 with the following corps of teachers: Principal, Dock Jordan, assistants, Misses Sallie Gearheart, Maude Smith, Goldie Byington and Clifford Wilson.

CAR SHORTAGE.

In an endeavor to avert or at least to lessen car shortages the Chesapeake & Ohio railway company has appealed to Boards of Trade, other commercial organizations and shippers and receivers of freight generally, for co-operation in its efforts to secure the maximum efficiency in the use of freight cars of all classes. The demand for cars is far ahead of previous years and the Interstate Commerce Commission has issued a circular letter to carriers and shippers alike calling attention to the threatened shortage in the United States and urging that shippers secure prompt and full loading of cars and consignees equally prompt unloading and release.

DISTINGUISHED VISITORS.

Augustus Snyder and Rev. McEl-downey, of Louisa, were Ashland visitors Friday enroute home from a trip inspecting stone for a handsome Southern Methodist church which will be erected at Louisa, and which will be one of the most handsome church edifices in that section of the country. The visitors were shown about Ashland and Judge Dwyer.—Ashland Independent.

HELD FOR KILLING.

Campton, Ky., Aug. 18.—Martin Bailey, Henderson Lane and Mrs. Nannie Lane were given an examining trial before County Judge Rose on the charge of killing Peter Netherley on Meadow Branch, this county, last Monday. Lane and wife were admitted to bail in the sum of \$2,500 each, and Bailey was held under a bond of \$7,000.

FIELDS MADE RUNAWAY RACE.

Frankfort, Ky., Aug. 18.—Complete returns of the August primary are on file with Secretary of State Lewis. Congressman W. J. Fields made a runaway race in the Tenth district, polling 10,940 votes. J. W. Ryley got 2,355 and Senator J. B. Hiles, 739. On the Republican ticket, in the same district, A. J. Pennington got 3,247; R. V. Kish, 2,214 and Trumbo Snidger 509.

MAN SAID TO BE L. M. GARDNER UNDER ARREST.

The following is from the Louisville Times: Roanoke, Va., Aug. 23.—Poking as A. A. Hargis, president of the Hargis Commercial Bank, of Jackson, Ky., a man who later admitted, according to the police, that his name is L. M. Gardner, was arrested here today after he had presented for deposit what purported to be cashier's checks on the Hargis Commercial Bank, of Jackson, for \$5,000 and \$500, respectively, at the American National Bank in this city. On making inquiries of the Jackson bank, the local bank officials said they learned that the checks were fraudulent.

Shortly after his arrest Gardner suffered a stroke of paralysis. The police claimed they found in his possession checks drawn on banks in Maryland, North Carolina, Tennessee, West Virginia, Ohio, and Virginia.

VISITED MRS. CECIL IN CATLETTSBURG.

Mrs. Mary Hereford Hatcher, of Cliff, Floyd-co., came down yesterday and spent the day with her aunt, Mrs. Kate Cecil, whose condition is so precarious that it is thought she cannot survive, since she partakes of very little nourishment. Mrs. Hatcher is much devoted to her aunt, who is the last remaining member of the General Ratcliffe family. She is eighty-seven years of age and is the widow of Colbert Cecil, Sr., a well known and popular citizen and financier of this city, whose death occurred more than a score of years ago. Mrs. Hatcher was heart-broken over the hopeless condition of the aunt, whom she loved so dearly. She returned home in the evening, her husband being in very feeble health, which was occasioned by a fall. She was a daughter of the noted Dr. Hereford, long since dead, whose wife was a daughter of General Ratcliffe and a sister to Mrs. Cecil.—Independent.

W. N. SULLIVAN APPOINTED GUARD AT FRANKFORT.

W. N. Sullivan has been appointed guard at the Frankfort prison and will report there early in September. Mr. Sullivan is a man of excellent character and exemplary habits and possesses all the qualifications necessary to an efficient discharge of the duties of that responsible position.

TWO CONVICTS ESCAPE.

Pineville, Ky., Aug. 22.—Two more convicts made their escape from the guards this afternoon, and have not yet been captured. Fifty prisoners were at work at the foot of Pine Mountain, just across the river from this town, when Green Davidson, sent up from Estill-co., and Frank Burton, sent up from Madison, made their escape into the mountains.

Their absence was soon discovered and a posse was formed, which is now searching for the fugitives. Burton was serving a term of four years and Davidson was serving a term of from two to twenty-one years. A reward of \$100 has been offered for the capture of each of the fugitives.

John Holland, who made his escape last Friday and was captured Sunday afternoon, was returned to the Frankfort penitentiary this morning.

MORRIS HARVEY COLLEGE.

Morris Harvey college will open on Wednesday, September 13, that being the day designated in the catalog issued by the school.

This year promises to be one of the most successful and with Dr. Darlington at its head, there is no reason why it should not be far surpass any year in the history of the institution. He is a man well versed in all branches of education; an excellent business man, and a man of forceful personality.

Before his appointment as president of Morris Harvey, Dr. Darlington served the college as financial agent, and through his strenuous efforts some handsome sums were raised.—Barboursville News.

EXPLOSION NEAR CATLETTSBURG.

An explosion the middle of Thursday afternoon of a gas main on the river bank on the West Va. point caused some excitement. The main was one belonging to the Huntington Gas & Development company and the force hurled several men some distance. Two were hurled into a field, one into the river and another was missing and on investigation was found buried deep in the sand. He was extricated and they were brought by auto to the city building and physicians attended them. None was seriously injured. The broken main caused an almost suffocating odor of gas to infect the city, causing much consternation and alarm until the cause was learned.

AFTER MANY YEARS.

Mr. Newton Lykins, of Glasgow, Ky., is here visiting friends and relatives after an absence of eleven years. He is a native of Macfaddin-co. and for some years lived with Judge A. T. Patrick as he is closely related to Mrs. Patrick. He married in this county, however, a daughter of Mr. and Mrs. Hatcher of Cliff, and moved eleven years ago to Glasgow, Ky., where he is succeeding handsomely. His friends here are giving him a right royal reception.—Prestonsburg Post.

KILLED BY TENT POLE.

Cecil Carter, 22 years old, supposed to be from New Castle, Va., was struck on the head by a tent pole and killed at Primrose, Boyd-co., a few miles from Ashland while helping take down the tent of a wagon owned by whom he was employed.
